

Camp Scholarship Guidelines

These guidelines seek to connect children and youth with opportunities to share their spiritual gifts with one another and those they may not know. A proposed camper will receive a \$100 scholarship toward the camp fee. In order to qualify for a scholarship, a proposed camper should:

- attend at least two worship services (Sunday or special services) per month;
- attend two events (Sunday school, youth group, service projects, etc.) per month;
- after camp, attend a worship service where they will briefly share their camping experience with the congregation.

The Education Team will rely on an honor system, but attendance is taken at worship and events. Final scholarship determinations are made at the discretion of the Education Team.
